Diamonds are Mobile Legends: Bang Bang's premium currency, used for skins, heroes, battle passes, and starlight membership. This guide shows you every legitimate way to earn free diamonds in 2026.

■ How to Get Free Diamonds — All Methods

1. Daily Login Rewards

Log in every day to collect the daily login chest. Monthly login events award 20–100 diamonds plus hero trial cards and magic dust.

2. In-Game Events

MLBB runs events almost every week — spin events, milestone events, and collaboration events. Active players earn 200–500 diamonds monthly just from events.

3. Achievement System

Complete achievements in the 'Achievements' tab to earn diamonds and tickets. First-time achievements for ranked milestones are especially valuable.

4. Starlight Membership Free Trial

New players receive a free Starlight trial. During the trial, complete all missions to maximise your diamond and skin rewards.

5. Official Google Opinion Rewards

Android users can earn Google Play credits by completing short surveys, then use those credits to top up diamonds for free.

6. Official Redeem Codes

Moonton releases codes during special events and livestreams. These give diamonds, skins, and magic chess heroes. Check our codes page weekly.

■ Diamond Scams to Avoid

■ MYTH: Third-party top-up sites give free diamonds

FALSE — Most are phishing sites. Only use the in-game shop or official partners (Codashop, UniPin).

■ MYTH: Survey sites give real diamonds

FALSE — They harvest your data and never deliver.

■ Monthly Diamond Earning Breakdown

Conservative estimate (casual player)

Login rewards: ~50 diamonds. Events: ~200 diamonds. Codes: ~50 diamonds. Total: ~300 diamonds/month — enough for a hero or lucky spin.

Active player estimate

Login + events + achievements + codes = 800–1,250 diamonds/month. That covers 1–2 Epic skins or a Starlight pass every 2 months.

■ Frequently Asked Questions

Can I get a free Epic skin without paying?

Yes — event milestone rewards occasionally include Epic skins. The Starlight skin is also available via accumulated free diamonds.

How often does Moonton release codes?

Usually 2–4 times per month, especially around patch updates and anniversary events. Follow Gaming Coins Hub for instant alerts.

■ Conclusion

Free diamonds in Mobile Legends are very achievable through consistent daily play and event participation. Stack login rewards, complete achievements, and always redeem codes the moment they drop to maximise your monthly haul.
